OFFICE OF THE DEPUTY CHIEF OF STAFF G-1
300 ARMY PENTAGON
WASHINGTON DC 20310-0300

DAPE-ZXI

001 12 2006

MEMORANDUM FOR SEE DISTRIBUTION

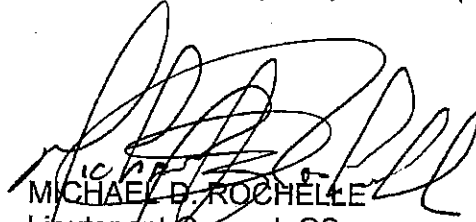

SUBJECT: Moratorium on Military and Civilian Sub-domain New System Developments or Modifications

1. Effective immediately, there is a moratorium on all new system changes or developments that introduce new functionality or capabilities to systems assigned to the Military and Civilian Sub-domains within the Army Human Resource Management (HRM) Domain. A current listing of these systems is attached at Enclosure 1.
2. New and unforecasted system development and modifications are severely hindering the Army's ability to field the Defense Integrated Military Human Resources System (DIMHRS), which is one of the Army's top priorities.
3. Recognizing the migration to DIMHRS requires some system modifications for systems that will interface with DIMHRS, those system owners may submit requests for exception to this policy directly to the DIMHRS-Army Office as long as they also provide a copy of the request to the G-1 Chief Information Officer (CIO). The DIMHRS-Army Office will only approve modifications to systems that interface with DIMHRS under the following circumstances: the changes are required to meet the needs of the Global War on Terrorism (GWOT), are changes directed by law, or are required to ensure successful legacy system integration with DIMHRS.
4. All other requests for modification to add additional functionality to existing systems and proposals for new system development will be forwarded to the G-1 Chief Information Officer (CIO) using the format provided in Enclosure 2. The G-1 CIO will forward these requests to the appropriate Portfolio Lead for adjudication per the Military and Civilian Sub-domain Information Technology governance policy. Modifications that are required as part of normal system maintenance (e.g. security patches) are exempt from this policy.
5. This two-pronged approach for exceptions serves two purposes. It allows us to quickly approve those modifications that are required for successful DIMHRS deployment, and it ensures all other modifications are consistent with the functional priorities established by the Portfolio Leads.

SUBJECT: Moratorium on Military and Civilian Sub-domain New System Developments or Modifications

6. My point of contact for this action is the G-1 CIO, COL Nate Buchheit. He can be reached via email at nathan.buchheit@hqda.army.mil or by telephone at (703) 692-8540.

2 Encl

MICHAEL D. ROCHELLE
Lieutenant General, GS
Deputy Chief of Staff, G-1

SUBJECT: Exception to Moratorium on Military and Civilian Sub-domain New System Developments or Modifications

1. Commands/staff agencies will use the procedures outlined below to request an exception from the Army G-1 for the Moratorium on Military and Civilian Sub-domain New System Developments or Modifications. Additionally, requests should be submitted using the format in the appendix. All requests must be signed by a COL/GS-15 or higher.

2. Review Process:

a. The G-1 CIO will perform a functional and technical analysis using data contained in the request as well as data from the System of Systems Architecture (SOSA), the Army Portfolio Management Solution (APMS), and the G-1 Enterprise Architecture (EA). As required, the G-1 CIO may request technical support from the Personnel Information Systems Directorate (PERSINSD) as well as the Adjutant General Directorate (TAGD) of the Human Resources Command (HRC). All analyses will include collaboration with the requesting command/staff agency's primary POC.

b. Upon analysis, if the request pertains to modification which may have Defense Integrated Military Human Resources System (DIMHRS) impact, then the request will be forwarded to TAGD for disposition. TAGD will inform both the requestor and the G-1 CIO of the final determination on such requests.

c. The G-1 CIO will provide a recommendation on all other proposed requests to the appropriate Military and Civilian Sub-domain Portfolio Lead. The Portfolio Lead will then make a determination on the request and inform the requestor and the G-1 CIO of the final decision.

3. The G-1 CIO POC for this exception process is LTC Scott Barrington at 703-695-5479, john.barrington@hqda.army.mil

APPENDIX

NOTE: The request for exception to the Moratorium Memo of 12 July 2006 relates to Programs within the Army Human Capital Management (HCM) Domain/Military and Civilian Sub-domains. This includes both new and existing systems that plan to obligate funds for development or modifications. All requests should be sent directly to the G-1 CIO or the Army DIMHRS Program Office for processing prior to obligation of funds.

MEMORANDUM FOR Army G-1 CIO Office, ATTN: DAPE-ZXI, 300 Army Pentagon,
Washington DC 20310-0300

Or

MEMORANDUM FOR Army DIMHRS Program Office, ATTN: AHRC-PSD, 200 Stovall St.,
Alexandria, VA 22332

SUBJECT: Request for Exception to Moratorium on Military and Civilian Sub-Domain New System Developments or Modifications

1. General Information

- a. Primary POC name:
- b. Primary POC phone number:
- c. Primary POC e-mail:
- d. System Name/Acronym:
- e. System Description:
- f. If Applicable:
 - i. Assigned Portfolio:
 - ii. Portfolio Manager name, e-mail, and phone number:
 - iii. DIMHRS Relationship (Subsumed System, Persistent System w/Interface, or None/NA):

2. Functional Information

- a. Does the proposed solution address an existing or future capability gap?
 - i. If yes, then describe how the enhancement or modification will address the capability gap.
 - ii. If no, then what is the business need for the enhancement or modification?
- b. Is the modification a statutory requirement; Congressional, OSD, or Army mandated? If yes, state the mandate.

3. Technical Information

- a. Is this system being enhanced or modified for the Defense Integrated Military Human Resource System (DIMHRS) interface?

- b. Will this system be subsumed by DIMHRS?
- c. Does this system have a decommission date? If yes, please provide the date.
- d. Is this an interim solution? If so, what will it be replaced by, and what is the anticipated time frame?
- e. List all the systems that interface with this system.
- f. What are the impact/risks of not moving forward with the proposed solution?

4. Financial Information

- a. Has funding already been allocated for this modification or enhancement?
 - i. If yes, please identify the funding source using the Table below.
 - ii. If no, please identify the proposed funding source.
- b. Fill out the following funding matrix. List all dollars in thousands.

New System Development or Modification Cost

Appropriation	MDEP	APE#	FY07	FY08	FY09	FY10	FY11	FY12	FY13
Research, Development, Test, and Evaluation (RDTE)									
Operations and Maintenance, Army (OMA)									
Operations and Maintenance, Army Reserve (OMAR)									
Operations and Maintenance, Army National Guard (OMANG)									
Other Procurement, Army (OPA)									
Other Sources									
Total Cost									

5. The _____ system requires exception to the Moratorium Memo of 12 July 2006 based on the above information. Please process this request in order to allow funds to be obligated to support the stated new system development or modification as described. The POC for this Memo is _____.
